Provider Fact Sheet

Community Support Coaching

Community Support Coaching is a service provided for to guide, educate and empower the HOME Choice Demonstration Program participant, authorized representative and family member during the participant's transition from an institution into the community. A Community Support Coaching provider will communicate with and educate participants in vital aspect of the transition process including making informed and independent choices, setting and achieving short and long-term goals, managing multiple tasks and identifying options and problem solving.

- A Community Support Coaching provider can be an agency or non-agency provider. An agency Community Support Coaching provider must be a community mental health center certified by the Ohio Department of Mental Health (ODMH).
- A non-agency provider or the agency's direct service staff must have either a disability and have successfully transitioned to the community from an institution or have experience in transitioning individuals from an institution to the community.
- Community Support Coaching includes assistance after normal business hours when the participant is not enrolled on a HCBS waiver and is only receiving Medicaid State Plan Services.
- In order to supply services as a Community Support Coaching provider, the agency or individual must submit a HOME Choice Provider Application and Agreement. The application and provider agreement can be obtained on-line at <http://jfs.ohio.gov/ohp/consumers/homechoice.stm> or by calling 1-888-221-1560 after October 1, 2008.
- In order to submit a claim, the Community Support Coaching provider must be identified on the consumer's HOME Choice Demonstration Program service plan.
- The Community Support coach can not be the participant's legally responsible family member as defined in Ohio Revised Code (OAC) Rule 5101:3-51-01.
- Providers must agree to meet the Conditions of Participation set forth in OAC 5101-3-51-05.
